Choppingboard: PEHD – Polyethylen High Density (Virgin)  
Size: 300x400 mm/ 300x500 mm/ 325x530 mm/ 400x600 mm  
Packaging: Foil Foil wrapped

### Product Care

Carving and chopping boards are made from the same quality materials that you know from the Profboard Professional, Series 270.

With a special milling on the back, the carving and chopping boards fit directly on top of the base plate of the Profboard Professional series 270

Carvingboard is used to cut hot dishes, and has a juicegroove for collecting meat juices

Choppingboard turns your cuttingboard into a solid "chopping block"

### Cleaning

Carving- & Choppingboard Serie 470 is dishwashersafe

### Environment

All materials in Carving- & Choppingboard Serie 470 can either be recycled or can be neutralized or disposed off in an environmentally friendly manner.
